Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 13 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Changeable.

This Evening and Tonight:
Remaining windy with further showers across Scotland, especially the north and west. Mostly dry elsewhere with variable cloud and clear spells, though some low cloud and drizzle reaching southwest England later.

Saturday:
Further showers across Scotland, though becoming less frequent later and winds easing. Cloudy across parts of Wales, central and northern England with some rain later. Sunny spells elsewhere.

Outlook for Sunday to Tuesday:
Rather cloudy across central and southern areas Sunday, with some rain. Scattered blustery showers for Scotland. Sunshine and a few showers spreads south Monday. Cloudier with some rain on Tuesday.
